WHO I AM & WHAT I DELIVER

I build revenue channels from scratch and scale them. At AU Small Finance Bank, I owned three channels simultaneously — Connector, Insurance, and Strategic Alliances — growing the connector base from 3,200 to 26,000 partners, scaling channel penetration from 32% to 69%, and driving 17% product profitability growth through Strategic Alliances. Earlier at Home First Finance, I was part of the PAN India sanction and disbursement team, personally authorising about 150 Cr in monthly loan sanctions. I lead teams, ship product roadmaps, and turn go-to-market strategy into measurable numbers. Open to Product Management and Growth/Marketing roles in Bengaluru.
